

Meet the Rebels' squad

WYCOMBE'S Berks and Bucks Senior Cup final opponents Slough Town are managed by Roy Sleaf, a former Hendon and Slough player who took over at the start of the season. Here's a run-down on the Slough squad.

DEFENCE

PETER SPITTLE (Goalkeeper) — Joined Slough from Wycombe Wanderers in close season after giving good service to Maidenhead United. Has represented Berks and Bucks and is regarded as one of the top goalkeepers in the county. Conceded 21 goals in 26 games.

STEVE CROSBY (right back) — Came to Slough while Tommy Lawrence was manager. A useful defender but has his limitations when moving forward.

JOHN BEYER (left back) — Manager Roy Sleaf signed Beyer from Fleet in the

Hampshire League. Has recently returned to the side following a 14 day suspension.

TERRY WATTS (centre back) — Watts came to the Rebels during the current season from Wembley. He took a long time to obtain the approval of the Slough fans but is now a regular first teamer.

MICKY CANNON (centre back) — Cannon joined Slough from Hendon where he used to be a team-mate of Sleaf. This stylish defender has represented F.A. XI's and is one of the best uncapped centre halves in amateur football.

MIDFIELD

TREVOR WILLIAMS — Williams is one of three Welsh internationals in the Slough side and is Slough's most recent signing. After joining from Hitchin, he was ineligible for several cup matches and was "banned" from playing in the Amateur Cup replay against

Ashington. The F.A. admitted they had made a mistake in allowing him to play in the first game, when he was ineligible.

ALAN DAVIES — Came to Slough during this season from Southall, soon after Southall boss Tommy Tranter had become Slough's coach.

BARRIE DAVIES — Took over as captain after Terry Reardon joined Wycombe in November. Davies came from Leatherhead and is a Welsh international although he has not played in recent matches. Had a short but unhappy spell with Wycombe a year ago.

FORWARDS

TERRY BROWN — Like Watts, he has taken a long time to get on with the Slough supporters. He was formerly with Hayes under ex-Slough manager Bob Gibbs and figured in Hayes' F.A. Cup run last term.

TIM TURL — Came to Slough as a forward when

Lawrence was manager and was promptly converted to right back. He left Slough after a disagreement to join Enfield but returned when Lawrence became Enfield's new boss this term. This season has played at both right back and centre forward, scoring several vital goals.

GEOFF ANTHONY — Another Welsh International and no stranger to Wycombe fans. Only survivor from the Amateur Cup final team of last season. Apart from being their top scorer he is Slough's most skilful forward.

TERRY MALE (Sub.) — Male, who has only played a handful of games for Slough's senior side, is on the books of Q.P.R. and played in their football combination team last Saturday.

JOHN HOBBS (Sub.) — Rejoined Slough this term after a spell with Hayes. Hobbs can play in either defence or midfield.
